

IPP MEETUP 2026

COMMUNITY BUILDING

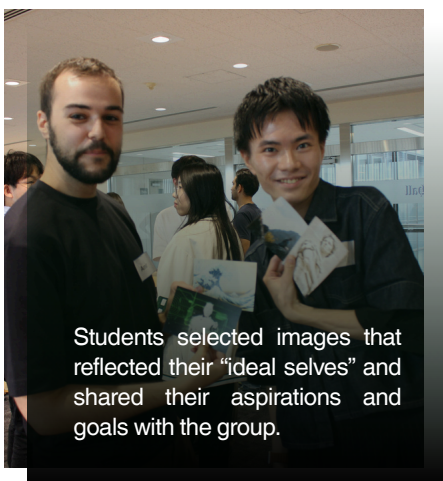

A New Beginning

This September, IPP welcomed 25 new students, including exchange students from various countries and regions. At the meetup event, new and current IPP students got to know one another through a variety of activities, discovering common interests, sharing their goals, and exchanging their stories!

During the introduction session, students worked in pairs and introduced their partners to the audience. As a fun twist, each student also shared one surprising fact they had learned about their partner.

Future-Self Visualization

Students selected images that reflected their "ideal selves" and shared their aspirations and goals with the group.

“It was a great opportunity to meet new people, exchange different perspectives, and have conversations in a relaxed and welcoming atmosphere.”
