

IPP Meetup 2025

On September 9th, the IPP Meetup brought together **19 students from 13 countries and regions**, including new, FSS and APPP students, exchange students and current IPP students. They met, talked, and laughed with peers from diverse backgrounds!

“ It was really well planned, the meetup was so fun that everyone got a chance to meet one another. The activities were a good addition to meet up without it, it would have been difficult to open up. ”
